FOLLOW-UP ACTIVITY WORKSHEET

Playground Safety | 2.0 In-Service Training Hours

Instructor: Tambra Newton

Participant: Sylvia Castillo Original training date: October 5, 2026

Follow-up discussion date: _____ Instructor: Tambra Newton

Complete in writing or discuss with the instructor, who records your responses.

1. Identify a hazard and plan a correction

Describe one hazard in a drawing or an empty playground. What is the risk?

What immediate protective action will you take? Who will correct the hazard?

What must be checked before the area or equipment is reopened?

2. Practice a climber scenario

A child climbs up but cannot safely descend. How will you help while keeping the other children supervised? Explain how you would respond working alone.

Use fictional examples. Do not include children's names or identifying information.

3. Plan safe play and adult coverage

A running game crosses the swing path while a parent arrives at the gate.

How will you redirect play and confirm adult coverage before speaking with them?

4. Draw your supervision plan

Label the gate, climber, swing path, open play, blind spots, and adult positions.

Show how you will support children with mobility, communication, or sensory needs.

5. Explain your transition checks

How will you match each child's name and face before leaving and on arrival?

What will you do if the count does not match?
